PROFILE

I am a motivated and responsible IT student with a strong interest in technology and software development. I have completed my Foundation in IT and I am currently continuing my studies in Computing. I have basic knowledge of programming, web development, Microsoft Office, and data entry. I am a quick learner, hardworking, and always willing to learn new skills and improve myself. I am looking for an opportunity where I can gain experience, develop my skills, and contribute to the organization.

SKILLS

E-Commerce website development

Developed a fully functional e-commerce website for a clothing brand as part of a foundation program project, featuring product catalog display, shopping cart functionality, and user-friendly navigation to simulate a complete online shopping experience.

Technology Used : HTML, CSS, JAVASCRIPT, PHP
